

Yao Yuning (Lyla)

Architect

PROFILE

A student from Wenzhou-Kean University, studying Architecture as major. Being interested in buildings with all kinds and would like to learn from the masterpieces to improve myself. Having a good command of drawing, and a better consideration of designing buildings in a more practical and beautiful styles. Being able to show the idea clearly and tried to achieve it as well. By learning in the university, it is a great process on the professional knowledge and the effective skills. On the other hand, having a better use of time is required in the university and in the future life.
